

Mendix POC Terms and Conditions

By submitting the request the customer accepts the here below explained „**Terms & Conditions**“:

1. **MOST Engineering** has the right to communicate about the winners of the contest;
2. I understand that **MOST Engineering** will process my data for the sole purpose of this contest and its follow up
3. A proof of concept (POC) will be created and demonstrated in **MOST Engineering's** sandbox environment and thus not in the (production) environment of the winners;
4. The project focuses on building a POC fit for demonstration purposes, and will not include integration with existing (back-end) applications. Being integration experts too, we'll happily discuss this topic separately;
5. **MOST Engineering** will not process any personal or sensitive information of the contest winners;
6. The concept will be displayed in a webinar for informative purposes;
7. The MVP will be delivered in a maximum of five (10) man days, representing a value of € 3.000 excluding VAT. The customer will NOT be charged for this amount.
8. Contest winners can only use the man days for the creation of the MVP
9. **MOST Engineering** reserves the rights to use the activity done for the POC for marketing purpose
